Thursday, January 25th 4:00-5:00PM

Host Location: Cullen Family Theatre, 1st Floor Providence Building, St. Paul's Hospital

AND

Alternative Location: Life Sciences Centre, Room 1312

Dr. Bernstein is renowned as a stem cell and cancer scientist, as an institutional leader in Canada and as the the current CIFAR President. From 2000 to 2007, he served as the inagural president of CIHR. All along, he has been a vocal advocate for fundamental science as the cornerstone for innovation and has championed advanced research at a global level.

Dr. Bernstein was exemplary in nurturing a legacy of outstanding graduate students and post-doctoral fellows over a 30-year period of academic research, many of whom have gone on to make major contributions in genomic science and stem cell biology.

Dr. Bernstein is the recipient of major awards and honours, including the Order of Canada, induction into the Canadian Medical Hall of Fame, and the Gairdner Foundation Wightman Award.
